

TuffMat[®]

ZERO-FILL MATS

Specifically designed to eliminate kickouts under and around Swings, Slides, Spinners, and any other high use area, Zeager's TuffMat[®] brand Zero-Fill mats allow for better accessibility, while maintaining fall protection on your playground. Using our easy to install anchor system, these full depth mats require little to no maintenance once in place. Call your local Zeager representative for more information about sizes, pricing, and availability!
