

Product Description

The STEM-0016 is a freestanding play panel that brings inclusive, sensory, and interactive experiences to any outdoor playground. The inclusive design and hands-on activities make it perfect for children of all ages and abilities. This unit features the Push Tabs Panel and the Communication Panel, all securely supported by a durable, powder-coated frame.

STEM Benefits

Push Tabs Panel: Children can press and flip rows of brightly colored tabs to create patterns, shapes, or simple messages. This panel supports early coding concepts, visual planning, and fine motor development while fostering creativity and exploration.

Communication Panel: This panel features intuitive picture symbols, words, letters, and numbers used to break down communication barriers during play. It helps users express needs, share ideas, ask questions, and creates meaningful interaction for children of all abilities.
